

2010 Teleseminar Series

Rules & Compliance

New ACH Stop Payment and Written Statement of Unauthorized Debit Requirements

Intermediate Level (1.8 AAP Credits)

A NACHA Operating Rule Amendment effective March 19, 2010, will result in major changes in how financial institutions process consumer requests for stop-payment of electronic fund transfers, from both a technology and documentation standpoint. Additionally, the Rules are also amended effective the same day to rename the "Written Statement Under Penalty of Perjury" to a "Written Statement of Unauthorized Debit (WSUD)," and include a number of new requirements related to the minimum information that must be contained on a WSUD when a consumer is claiming a transaction is either unauthorized or has been previously revoked. These changes are substantive; **failure to properly process stop-pay and unauthorized/ revoke requests going forward could result in an increase in operating risk and financial loss to your institution.**

This teleseminar will provide you with the information and insight you will need to effectively incorporate these new rule provisions into your day to day payments operations environment, as well as help ensure your consumer documentation in this area is up to date and meets regulatory requirements.

Among the key things you'll learn:

- Current ACH stop payment requirements as interpreted under Regulation E Staff Commentary

- The specific requirements for handling ACH stop payments under revised NACHA Operating Rules
- Minimum information that must be contained on a Written Statement of Unauthorized Debit
- A analysis of numerous stop payment scenario questions submitted to NACHA

Additionally, you'll also receive electronic copies of WesPay's new "ACH Stop Payment Form" and "Written Statement of Unauthorized Debit" forms that contain all required elements as define by both NACHA rules and Reg. E.

Your Instructors

Patty Presta, AAP, is Vice President of Education at WesPay and has conducted ACH training for 12 years. Her responsibilities include training financial institutions through live workshops, teleseminars, and webcasts, as well as consulting on such topics as ACH Origination, Risk Management and other electronic payment-related issues.

Mike Gilchrist, AAP, is Vice President & Manager, Client Services, for the Western Payments Alliance. Mike's primary responsibility is managing day to day operations for WesPay's Client Services Department, which includes oversight of the member hotline service and direct responsibility for the content and development of WesPay's education program.
