

2010 Teleseminar Series

Presented by
EPN
(The Clearing House)

* This event is not eligible for WesPay Education Club Points or Education Certificate.

New Products & Technology

Innovations in Global Payments

Intermediate Level (1.2 AAP Credits)

The globalization of commerce has served as a catalyst for the payments industry to develop payment solutions designed to facilitate global commerce. Register for this teleseminar and gain insight into the various innovations taking place within the global payment space. Participants will review the Single Euro Payments Area (SEPA), International Payments Framework (IPF), International ACH Transactions (IAT), and innovations related to improving worker remittances. If you have a desire to understand what global changes are taking place or the trends driving them, this is the teleseminar for you.

ONE FEE DOES IT ALL!

One site fee can educate your entire department. Each site registration provides you with access to the teleseminar on a single telephone line and one (1) set of handouts. There is no limit to the number of people who may listen in and participate on that line. If you plan to have people participating from multiple locations on different telephone lines, a separate registration form must be submitted and a separate registration fee must be paid for each line used.

Your Instructors

Ellen Jacques, AAP, is a Training Specialist in the areas of ACH (Automated Clearing House), check processing, and wire payments. She joined The Clearing House in 1992 and has served on the Global Payments Forum and the Electronic Check Council of the National Automated Clearing House Association (NACHA). Her previous experience includes high school teacher, trainer in the garment industry, education coordinator for computer language consulting, and travel specialist. She received her bachelors and masters degrees from Northern Illinois University in DeKalb, IL.

Darlene Ruffin, AAP, is a Training Specialist for The Clearing House and conducts training in the areas of ACH (Automated Clearing House), check processing, and wire payments. Darlene has served on a number of National Automated Clearing House Association (NACHA) workgroups, including the Council for Electronic Bill Payments. She began her payments career in 1983 upon joining the Chicago Clearing House which merged with The Clearing House in 2004 and has trained in various capacities and on different products for The Clearing House since that time.
