

2021 Nacha Rules Price Sheet

Orders Must Be Received By Friday, November 20, 2020

Pre-Orders will ship in January 2021*

The Nacha Operating Rules & Guidelines is the foundation needed for every ACH payment. Understanding the Rules & Guidelines keeps your organization at the top of its field - ensuring efficient ACH payments, strengthening risk management practices and lessening returns and exceptions.

Recommended Best Practice

ODFI's should continue to provide the Rules to Originators. Providing the Rules in January gives them access to all rule changes early in the year.

WesPay recommends the online format. The subscription code for access can be emailed to Originators, saving on inventory space and shipping cost.
