

Business Training Video Series

Keep Your Business Customers Well-Informed

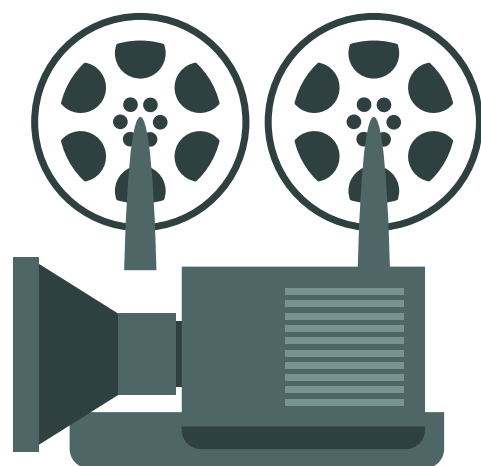

In the fast-paced ACH environment, we are seeing constant changes and it is the financial institution's responsibility to ensure business customers are properly trained to help ensure regulatory compliance and avoid risk to the network.

WesPay now offers the Business Training Video Series. This series is comprised of three short videos which you can deliver to your staff and clients.

- **Remote Deposit Capture for Business**
- **Same Day ACH for Business**
- **Wire Transfers for Business**

Save by Bundling!

The Business Training Video Series and the Originator Training Video Series are also included with either the Originator Self-Assessment or RDC Self-Assessment. The Self-Assessments are excellent tools to be using right now, providing tangible demonstration to your auditors and regulators that you are proactively taking steps to train your customers and help them understand their compliance with the ACH Rules, the FFIEC Guidance and/or your agreements.

Pricing

Member:	\$500
Non-Member:	\$1,000
With Bundling:	\$0*

*Does not include Self-Assessment fees

To Purchase this Training Video Series:

Go to the **Business Training Video Series** tab in the **Online Store** under the **Resources** section at www.wespay.org

To see a demo of the Originator Self-Assessment contact marketing@wespay.org
